Express Yourself as a Patron of the Arts

The South Beach Chamber Ensemble Invites You...

Become a cultural founder of South Florida by being a patron of the South Beach Chamber Ensemble, one of Miami Beach's most distinguished cultural treasures.

Chamber Music - An Intimate Musical Form for All Ages

Chamber music, generally played by a trio, quartet or small group of musicians, was originally performed in the chamber of the king in exquisite rooms with private audiences, giving it a special feeling of intimacy. Recalling the regal beauty of those distinctive gatherings, the music of the South Beach Chamber Ensemble creates for us today that rare experience of intimacy in a concert setting.

Mission and Vision

The mission of the South Beach Chamber Ensemble is to perform and promote chamber music in all its diverse forms, from its origins in the distant past to the varied creations being produced today, bringing together performers, composers and audiences to experience the beauty and intimacy of the human spirit. We envision a world where music inspires and energizes all people, creating peace, harmony, joy and unprecedented satisfaction in being alive.

The South Beach Chamber Ensemble...

Launched in 1997 with a free concert of Haydn and Dvorak Piano Trios at the Bass Museum of Art, Miami Beach, Florida. The performance was so well received that the Bass wanted two more concerts that season. The ensemble incorporated as a non-profit in 2001 and has been successfully expanding ever since. We have presented a diverse repertoire of music spanning four centuries and four continents, performed in a variety of settings. Michael Andrews, the ensemble's founder, director and cellist, is committed to bringing chamber music to all people with Music in Beautiful Spaces, Music in Motion and South Beach Up North, a summer festival in Wausau, Wisconsin.
